JENNA

Jenna may look all sweetness and light but she knows a thing or two about what makes men tick.

'I can do things with these lips which would make you think you'd and gone to heaven,' she says flashing a wickedly wet tongue across the pert pinkness of her mouth. 'But I demand a lot in return. I like a man who knows how to return the favour and I always keep my pussy perfectly trimmed and perfumed for just such an occasion!'

'Would you like to touch me here? Go ahead, it's smooth and soft and ready to kiss!'

JENNA FOR MEN

ALICIA SILVERSTONE

AKA BATGIRL

Knock-out blonde Alicia Silverstone, whose titillating appearances in movies and music videos elicits tingles in adolescent boys and dirty old men alike, has blossomed beyond her testosterone-dizzy core audience with the role of Batgirl. Prior to her date with Gotham City's Dynamic Duo, the emerald-eyed actress, who is still not yet 21 years old, was best known for her extremely sexy performance in the 1996 teen comedy *Clueless*, in which she played a good-natured Beverly Hills high school virgin who solves her friends' problems while wriggling around on designer high heels and micro-miniskirts which left precious little to the male imagination.

The success of *Clueless* – in great measure due to Alicia's awesome sex appeal – resulted in the young American actress being showered with big-screen offers and a new round of multi-movie, multi-million dollar contracts.

Alicia definitely knows how to work her best feature... her attractive, innocent, yet mysterious trademark grin in her work. 'I think I can deceive people,' she says reflectively. 'I'm the nice, sweet girl when you meet me. And I don't have any bad intentions. But I'm a bad girl, too.' Just how bad has yet to be established.

'I don't just want to be the girl men get excited about,' she says. 'I have no desire for people to see me in a sexy way. I'm a very sexual girl in my heart, but not on the outside.'

Alicia's career was launched when she was only six years old by a series of dubious swimsuit snapshots taken by her father, a real estate investor. These photos led to a steady stream of modelling assignments, including a USA television

commercial for Domino's Pizza – and casting agents soon noticed her nubile charisma.

After a guest spot on the USA television series *The Wonder Years* as a young Man's 'fantasy girl', she found her way into lacklustre made-for-television movies such as *Torch Song* opposite Racquel Welch, and *Shattered Dreams* alongside once-very-pretty Tyne Daly (Cagney & Lacey). She also starred in *The Cool and the Crazy* - part of USA cable television giant Showtime's *Rebel Highway* anthology.

These performances took Alicia to Hollywood for real, and in 1993, aged only 15, she signed up for her cinematic debut as a homicidal young woman who lusts after anything in trousers then kills them in the movie *The Crush.*

Before filming began, Alicia legally became an emancipated minor in order to evade USA child labour laws which would have restricted her working hours. This involved 'divorcing' her parents Monty and Didi – a move with which her father and mother were in complete agreement.

Alicia refused to appear *completely* nude in *The Crush* or in any other film to date, turning down the title role in the 1996 psycho-thriller *The Babysitter* numerous times until the producers finally caved in and axed all nudity from the script.

Cary Elwes, her co-star in *The Crush,* thought differently. Interviewed at the time of the movie's release, he commented that Alicia was 'extremely headstrong'.

'She can fight her image all she wants but, ultimately, when she reaches full womanhood, I think she'll be quite happy to be called a sex kitten.'

In *The Babysitter* (1996) Alicia stars as Jennifer, a beautiful nubile teenager who becomes the sexual obsession of two boys sitting talking in a local diner. As the evening progresses, the sexy babysitter dominates the imaginations of

in our pictures from The Crush (1993) Alicia stars as a sexy, man-crazy teenager who lusts after anything in trousers then kills them in a disturbing and badly-made thriller. On previous pages we show Alicia sunbathing, undressing in her bedroom and a fine shot of her beautiful buttocks through a set of venetian blinds as she strips off.

UMA THURMAN AKA POISON IVY

Gorgeous, quirky-featured beauty Uma Thurman, who plays Pamela Isley and her alter ego Poison Ivy is perhaps best known for her role as Mia Wallace in Quentin Tarantino's 1994 international hit movie *Pulp Fiction* – a role which earned her an Oscar nomination for Best Supporting Actress.

Obviously not intimidated by sex, she is reported to have suggested to the extremely bored film crew on one movie she was making that they should hold a raffle and she

effectively) shielding her nakedness with her long flowing hair.

'There she was,' remembers Gilliam, former animator with the *Monty Python's Flying Circus* team, demonstrating little of the wit for which he is famous behind the camera. 'She was only 18 years old, about 6ft tall... just too good to be true. I remember that her mother was speaking to her on the telephone while we were trying to shoot the scene, trying to get her to go back to high school, and I said:

"Too late, Uma. You've got your clothes off. You're a fallen woman".'

During this period, Uma began to develop a reputation for playing erotically-charged roles.

At 18, she appeared as a convent-sheltered waif seduced out of her corset by John Malkovich as the reptilian Vicomte de Valmont in *Dangerous Liaisons*. The seduction scene in which she tears off her nightgown, revealing her breasts, and encourages Malcovich to brush his lips down her heaving chest and abdomen became the most controversial and talked-about scene in the movies in 1988.

Horrified by the media frenzy ignited by her bodice-ripping performance, Uma fled to England and rejected a flood of offers.

'The film is not just about my tits!' she protested at the time. 'I didn't want to be the next sexual flavour of the month. Most films these days are men's stories. Women are for add-on romance. That's very hard for a serious actress.'

Even so, it wasn't long before Uma was coaxed back to Hollywood for more flash-and-grab scenes. In the 1990 movie *Henry & June*, Uma appeared as novelist Henry Miller's bisexual wife – the mutual sexual interest of both Miller and female French writer Anais Nin, both of whom not only acted out their obsession for her physically, but, between them, feverishly penned thousands of torrid pages about their encounters with her.

Henry & June became something of a *cause célébre* for its strong bisexual content, which almost resulted in an X certificate in America.

Uma counterbalanced her steamy, uninhibited performance as June with roles in thoroughly innocuous mainstream movies like *Final Analysis*, *Jennifer 8*, and *Mad Dog and Glory*, films in which, more than anything, her eccentric beauty was very largely used to ornamental effect. Then, in 1994, Uma again departed from the beaten track when she agreed to appear in *Pulp Fiction*, her initial reservations about the violent content of the script being overcome by meeting Quentin Tarantino and being encouraged by his 'painterly' vision of underworld brutality.

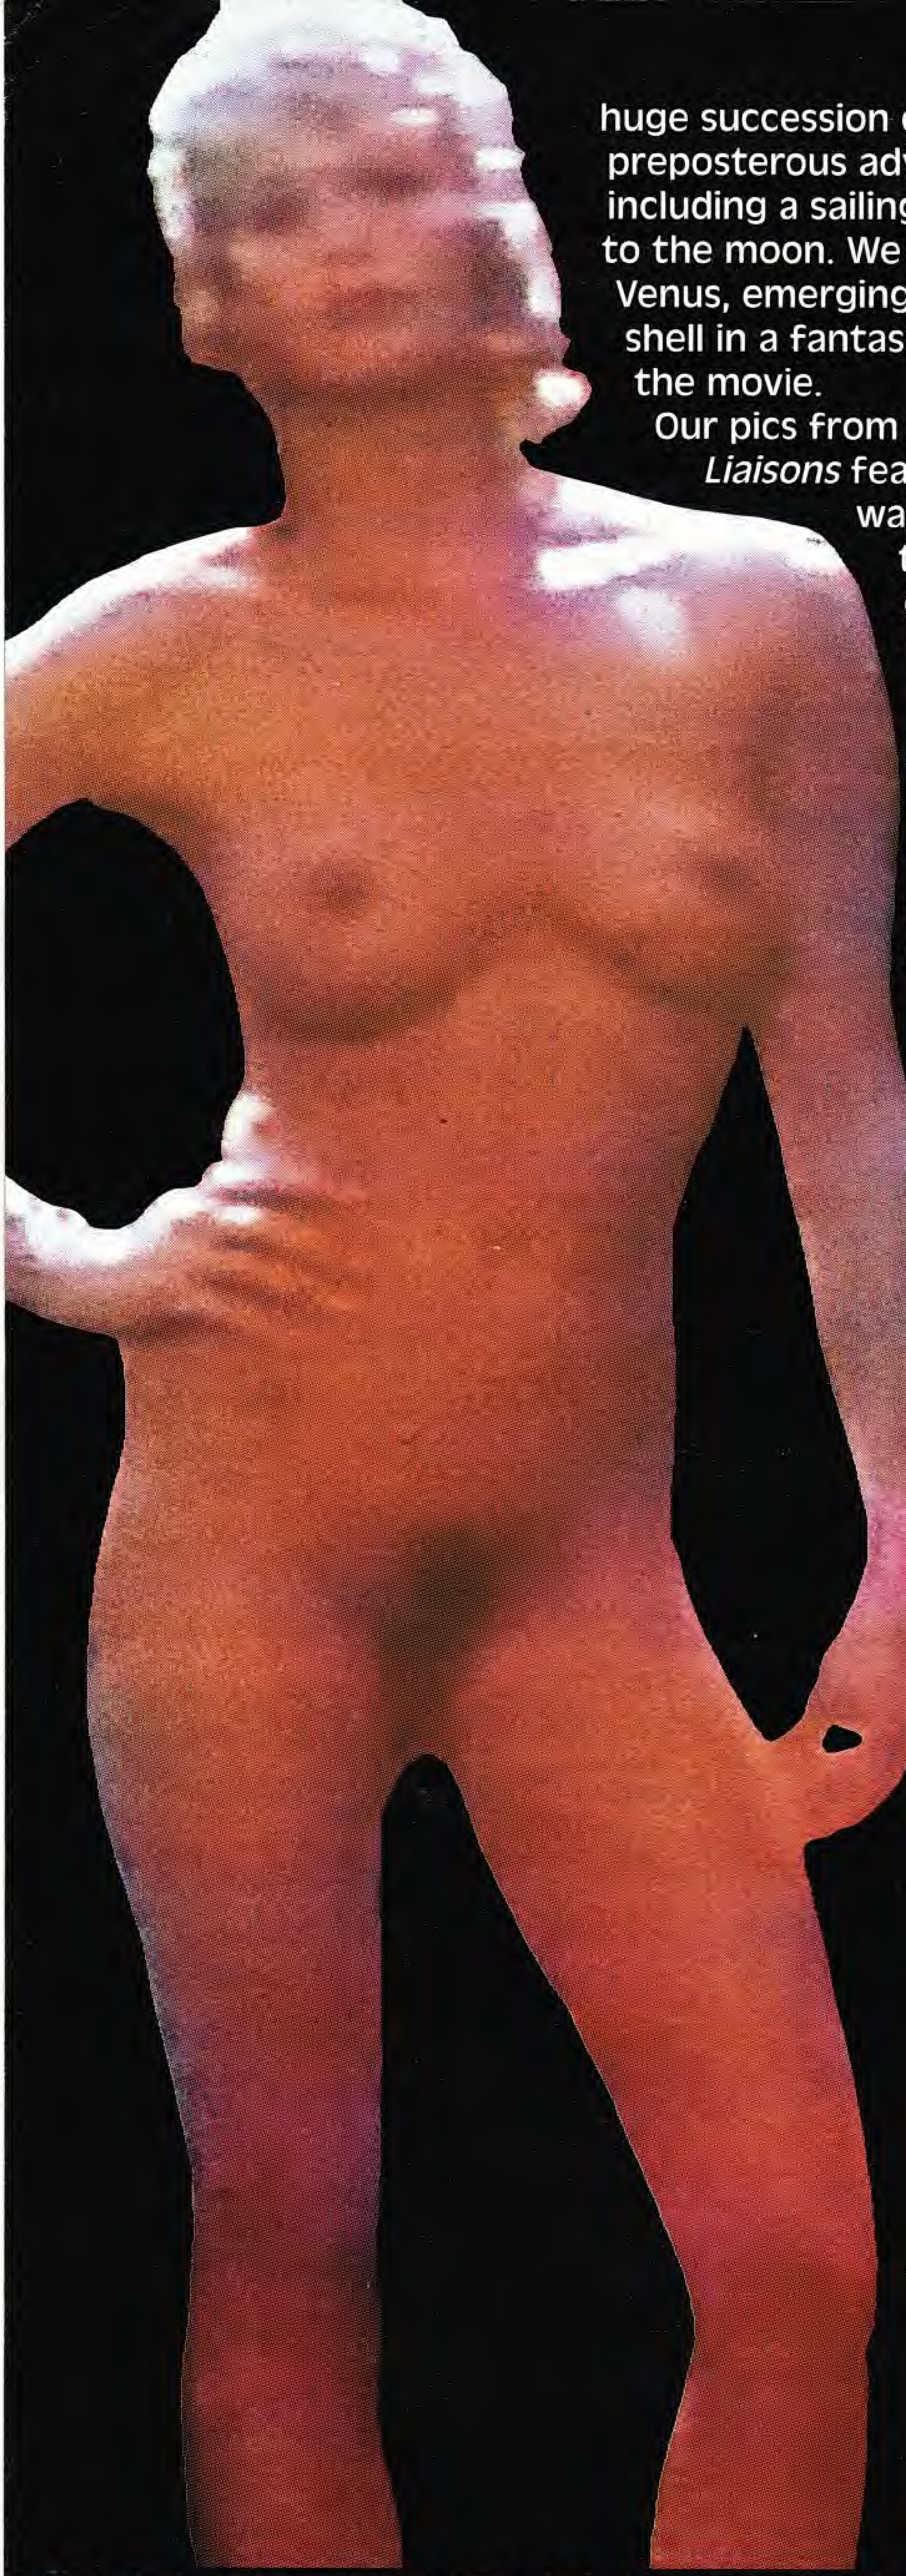
Her hit-and-miss parade continued with the lesbian-obsessed 1994 cult movie *Even Cowgirls Get The Blues* – in which Uma apparently revels in an *alfresco* masturbation scene – and a string of performances in Generation X-ish comedies like *Beautiful Girls* and *The Truth About Cats and Dogs*, and in a period comedy, *A Month by the Lake*.

In *Mad Dog and Glory* Uma stars with real-life lover Robert Deniro and comic actor Bill Murray in an amusing but highly-charged tale of gangsterism in which Murray plays the 'heavy' and Deniro the 'quiet one' – a twist similar to DeNiro's 1983 movie *The King Of Comedy*, in which legendary comedian Jerry Lewis played the straight man to DeNiro's feckless would-be comedian Rupert Pupkin. Uma portrays a woman whom Murray's Mad Dog character 'loans' to DeNiro once a month for a limited time to repay him for saving his life. But DeNiro and Uma become too involved in the bedroom and matters get greatly out of hand. Our pics show Uma making love with Robert Deniro.

BAT BABES

In *Where the Heart Is* (1990) Uma appears as an eccentric artist's model in one of her least-seen movies. Our pics show Uma painted-up in two different poses.

The Adventures of Baron Munchausen featured Uma as Venus, the goddess of Love in Terry Gilliam's outrageous remake of the 1943 German cinema classic about a teutonic nobleman who lives for several hundred years and enjoys a



huge succession of increasingly preposterous adventures, including a sailing ship journey to the moon. We show Uma as Venus, emerging from her seashell in a fantasy scene from the movie.

Our pics from *Dangerous Liaisons* feature Uma as a waif who is taken into care by nuns only to find herself seduced by a heartless nobleman. The hottest scenes in the film show Uma as the young innocent being seduced by John Malkovich.

ELLE MACPHERSON
AKA JULIE MADISON

Showstopping Australian supermodel Elle MacPherson, who in the last few years has also acquitted herself well as a movie actress, has finally consolidated her sideways leap from the international catwalk to the movie set with her role as Bruce Wayne' s love interest, Julie Madison, in film Batman and Robin.

Deservedly nicknamed 'The Body', this dazzling skyscraper of a woman – who boasts sun-bronzed legs the length of a football pitch and what several commentators have praised as 'the world's cutest navel' – confesses that privately she enjoys getting nude just as often as humanly possible.

BAT BABES

Certainly the former principle model for *Sports Illustrated: Swimsuit Issue* and *Victoria's Secret* has done rather a lot of this sort of thing in the public eye, showing no reluctance to drop her panties the five or six hundred yards to her ankles at the slightest suggestion of a flickering flashbulb.

For her latest excursion into the world of cinema, however, Elle wisely opted to keep her knickers firmly hoisted and secured. Yet she still exudes sex appeal as though it were going out of fashion.

Voted one of 1995's 50 Most Beautiful People by obsequious readers of the USA's *People* magazine, Elle is currently betrothed to fancy-talking international businessperson Tim Jeffries.

She cheerfully describes herself as "a typically man-hungry Australian female". During the making of the 1996 Barbra Streisand vehicle *The Mirror Has Two Faces* it was strongly rumoured among the rest of the cast that Elle was having lunchtime sex with an energetic member of the production crew in one of the trailers.

Elle studied law at Sydney University for a year before dropping out to slink along the fashion catwalks of Melbourne, London, New York and Paris. International fame and adulation followed swiftly, along with the first of a series of movie offers.

Her dazzling smile and voluptuous 34C breasts caught everyone's eye – and very nearly poked one of the director's out – when she appeared in the first of these: the 1994 period knocker-fest and 'art-house movie' *Sirens.*

In the movie, Elle played Sheela, the most tantalising of three brazen young bush babies who pose nude for famous Australian painter John Lindsay.

'Sirens had so many other merits apart from my tits,' recalls Elle. 'I think the film celebrates sensuality instead of merely exploiting it.'

We'll leave you to decide on that one!

Jodie

"I love a guy with big shoulders and rippling tummy muscles," declares Jodie, a lass with an eye for beauty. "To be honest, I like to start licking him from his face, all the way down his body. By the time I get to his cock, he's usually bursting! That's when I like to swivel around so that my pussy is above his face. And that's when the fun really starts!" Now, there's a girl who knows to put her money where her mouth is!

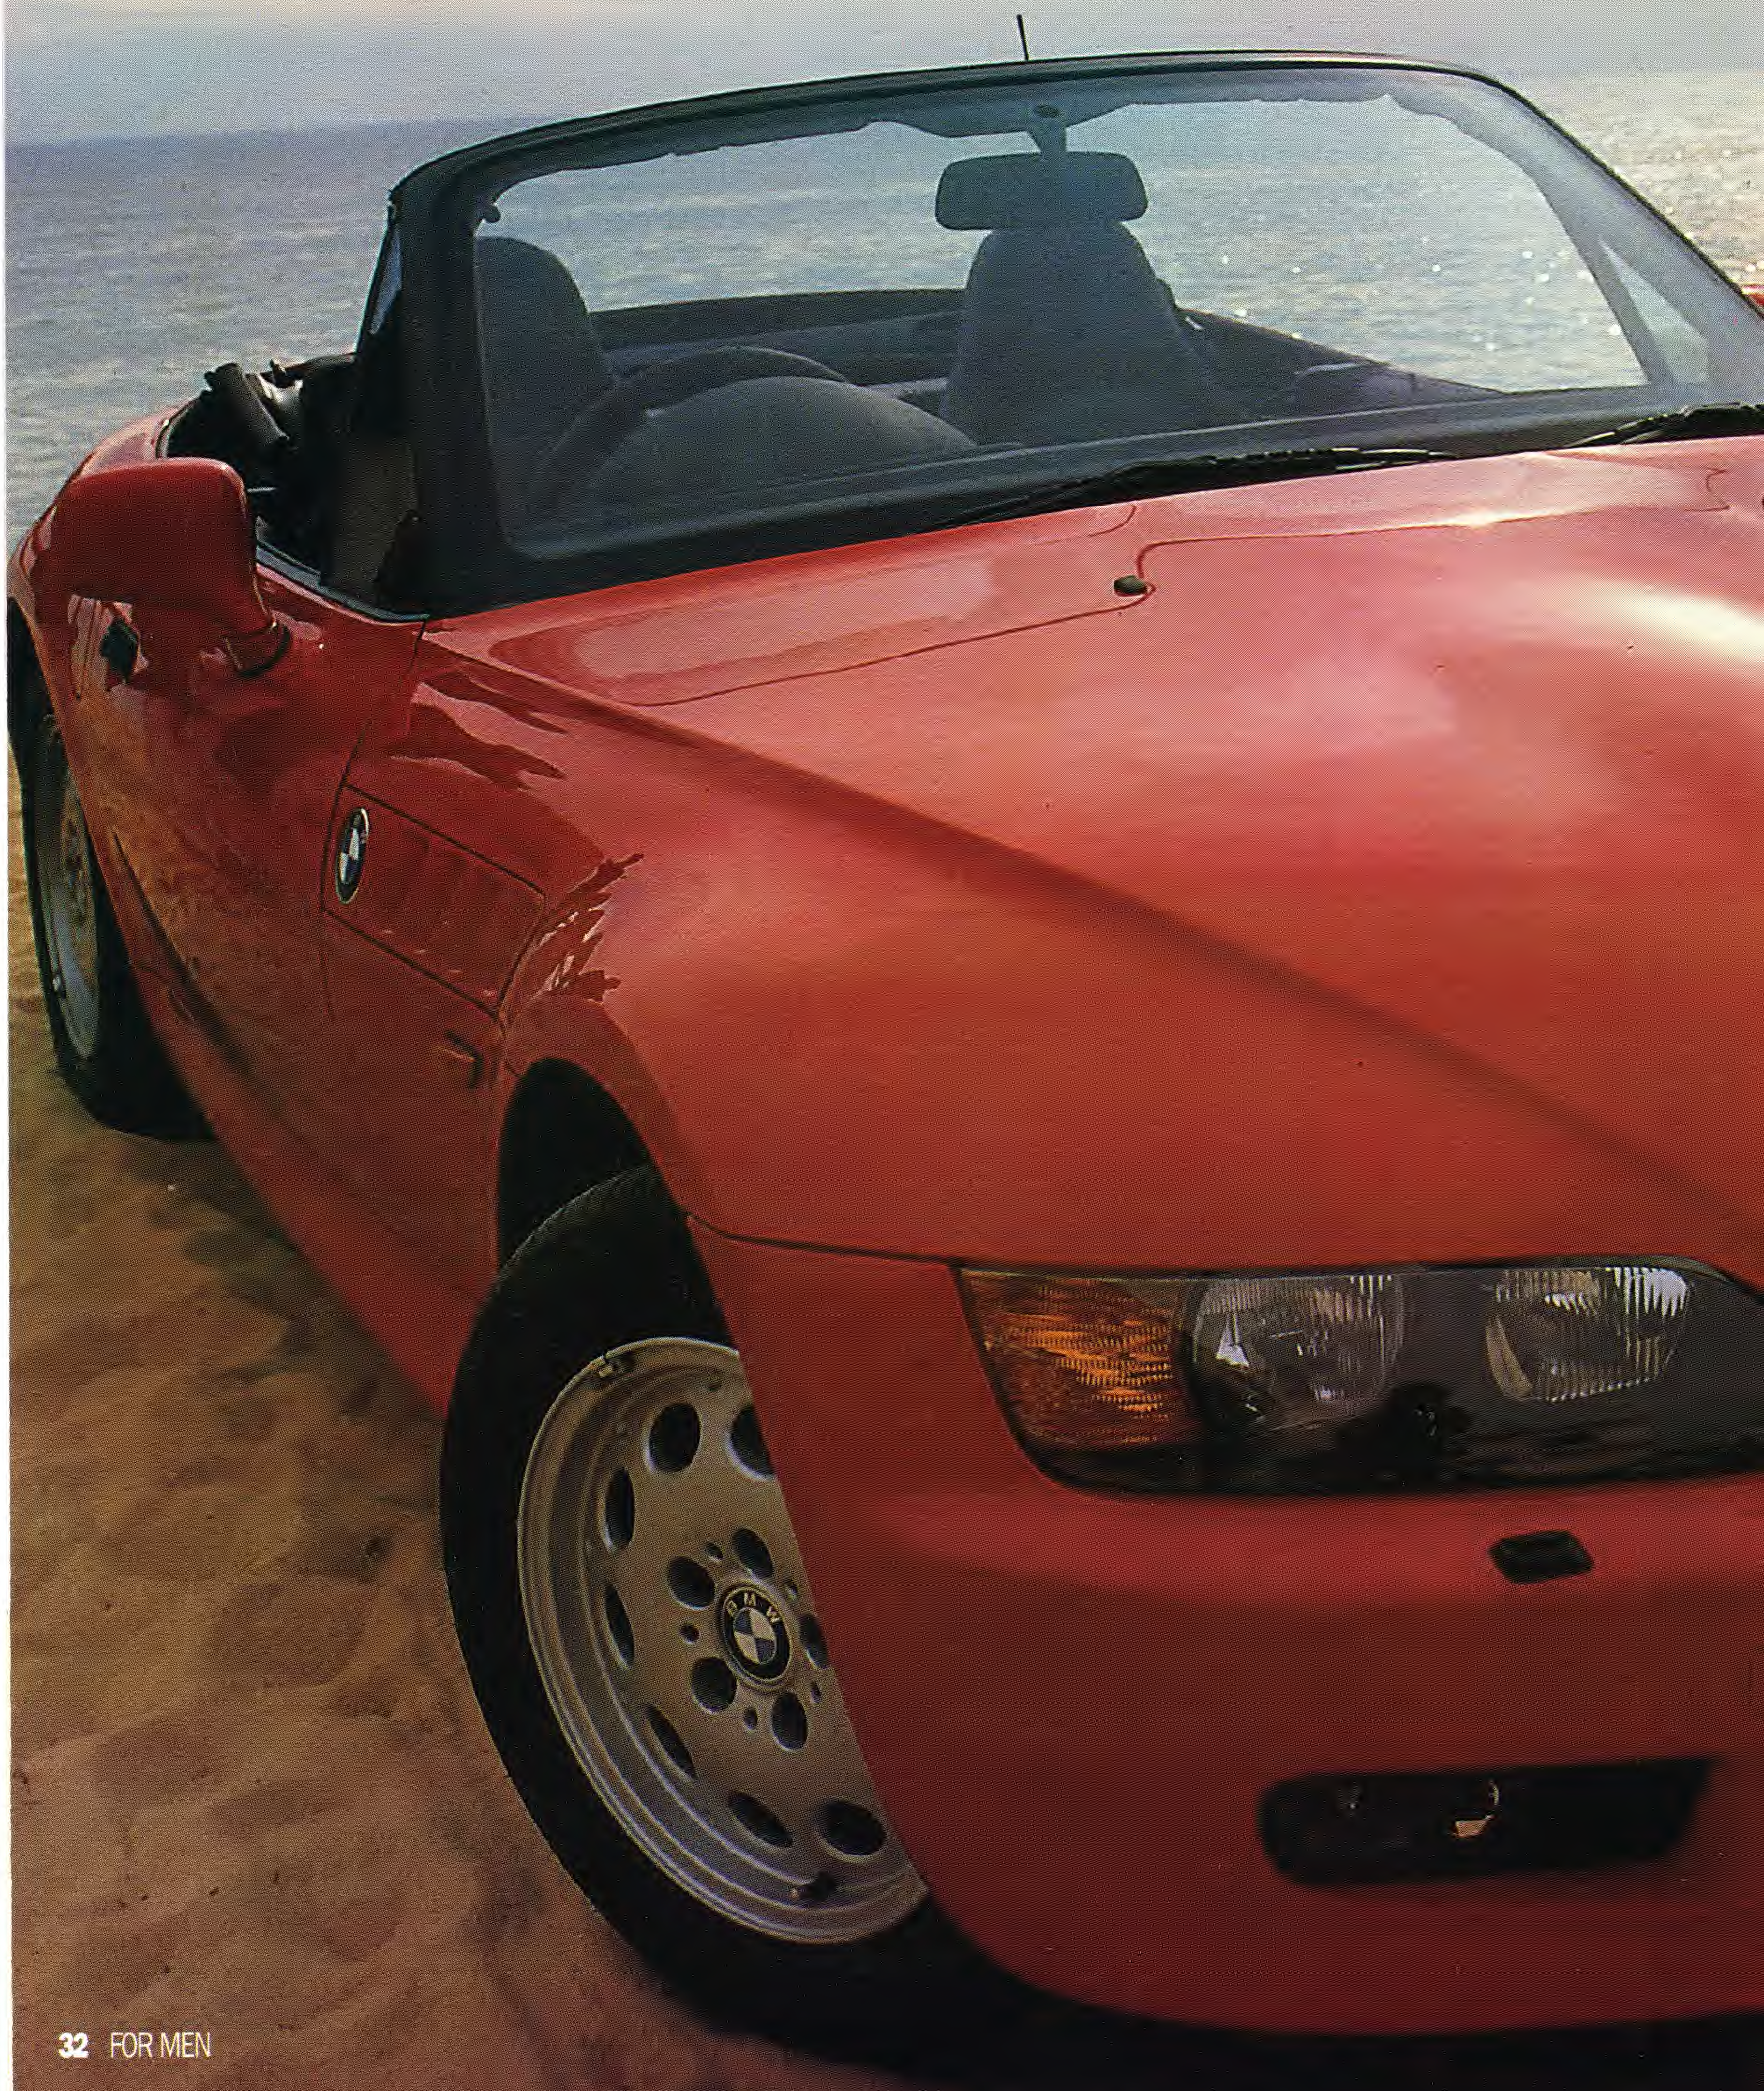
shab99 scan

Caron

shah99 stan

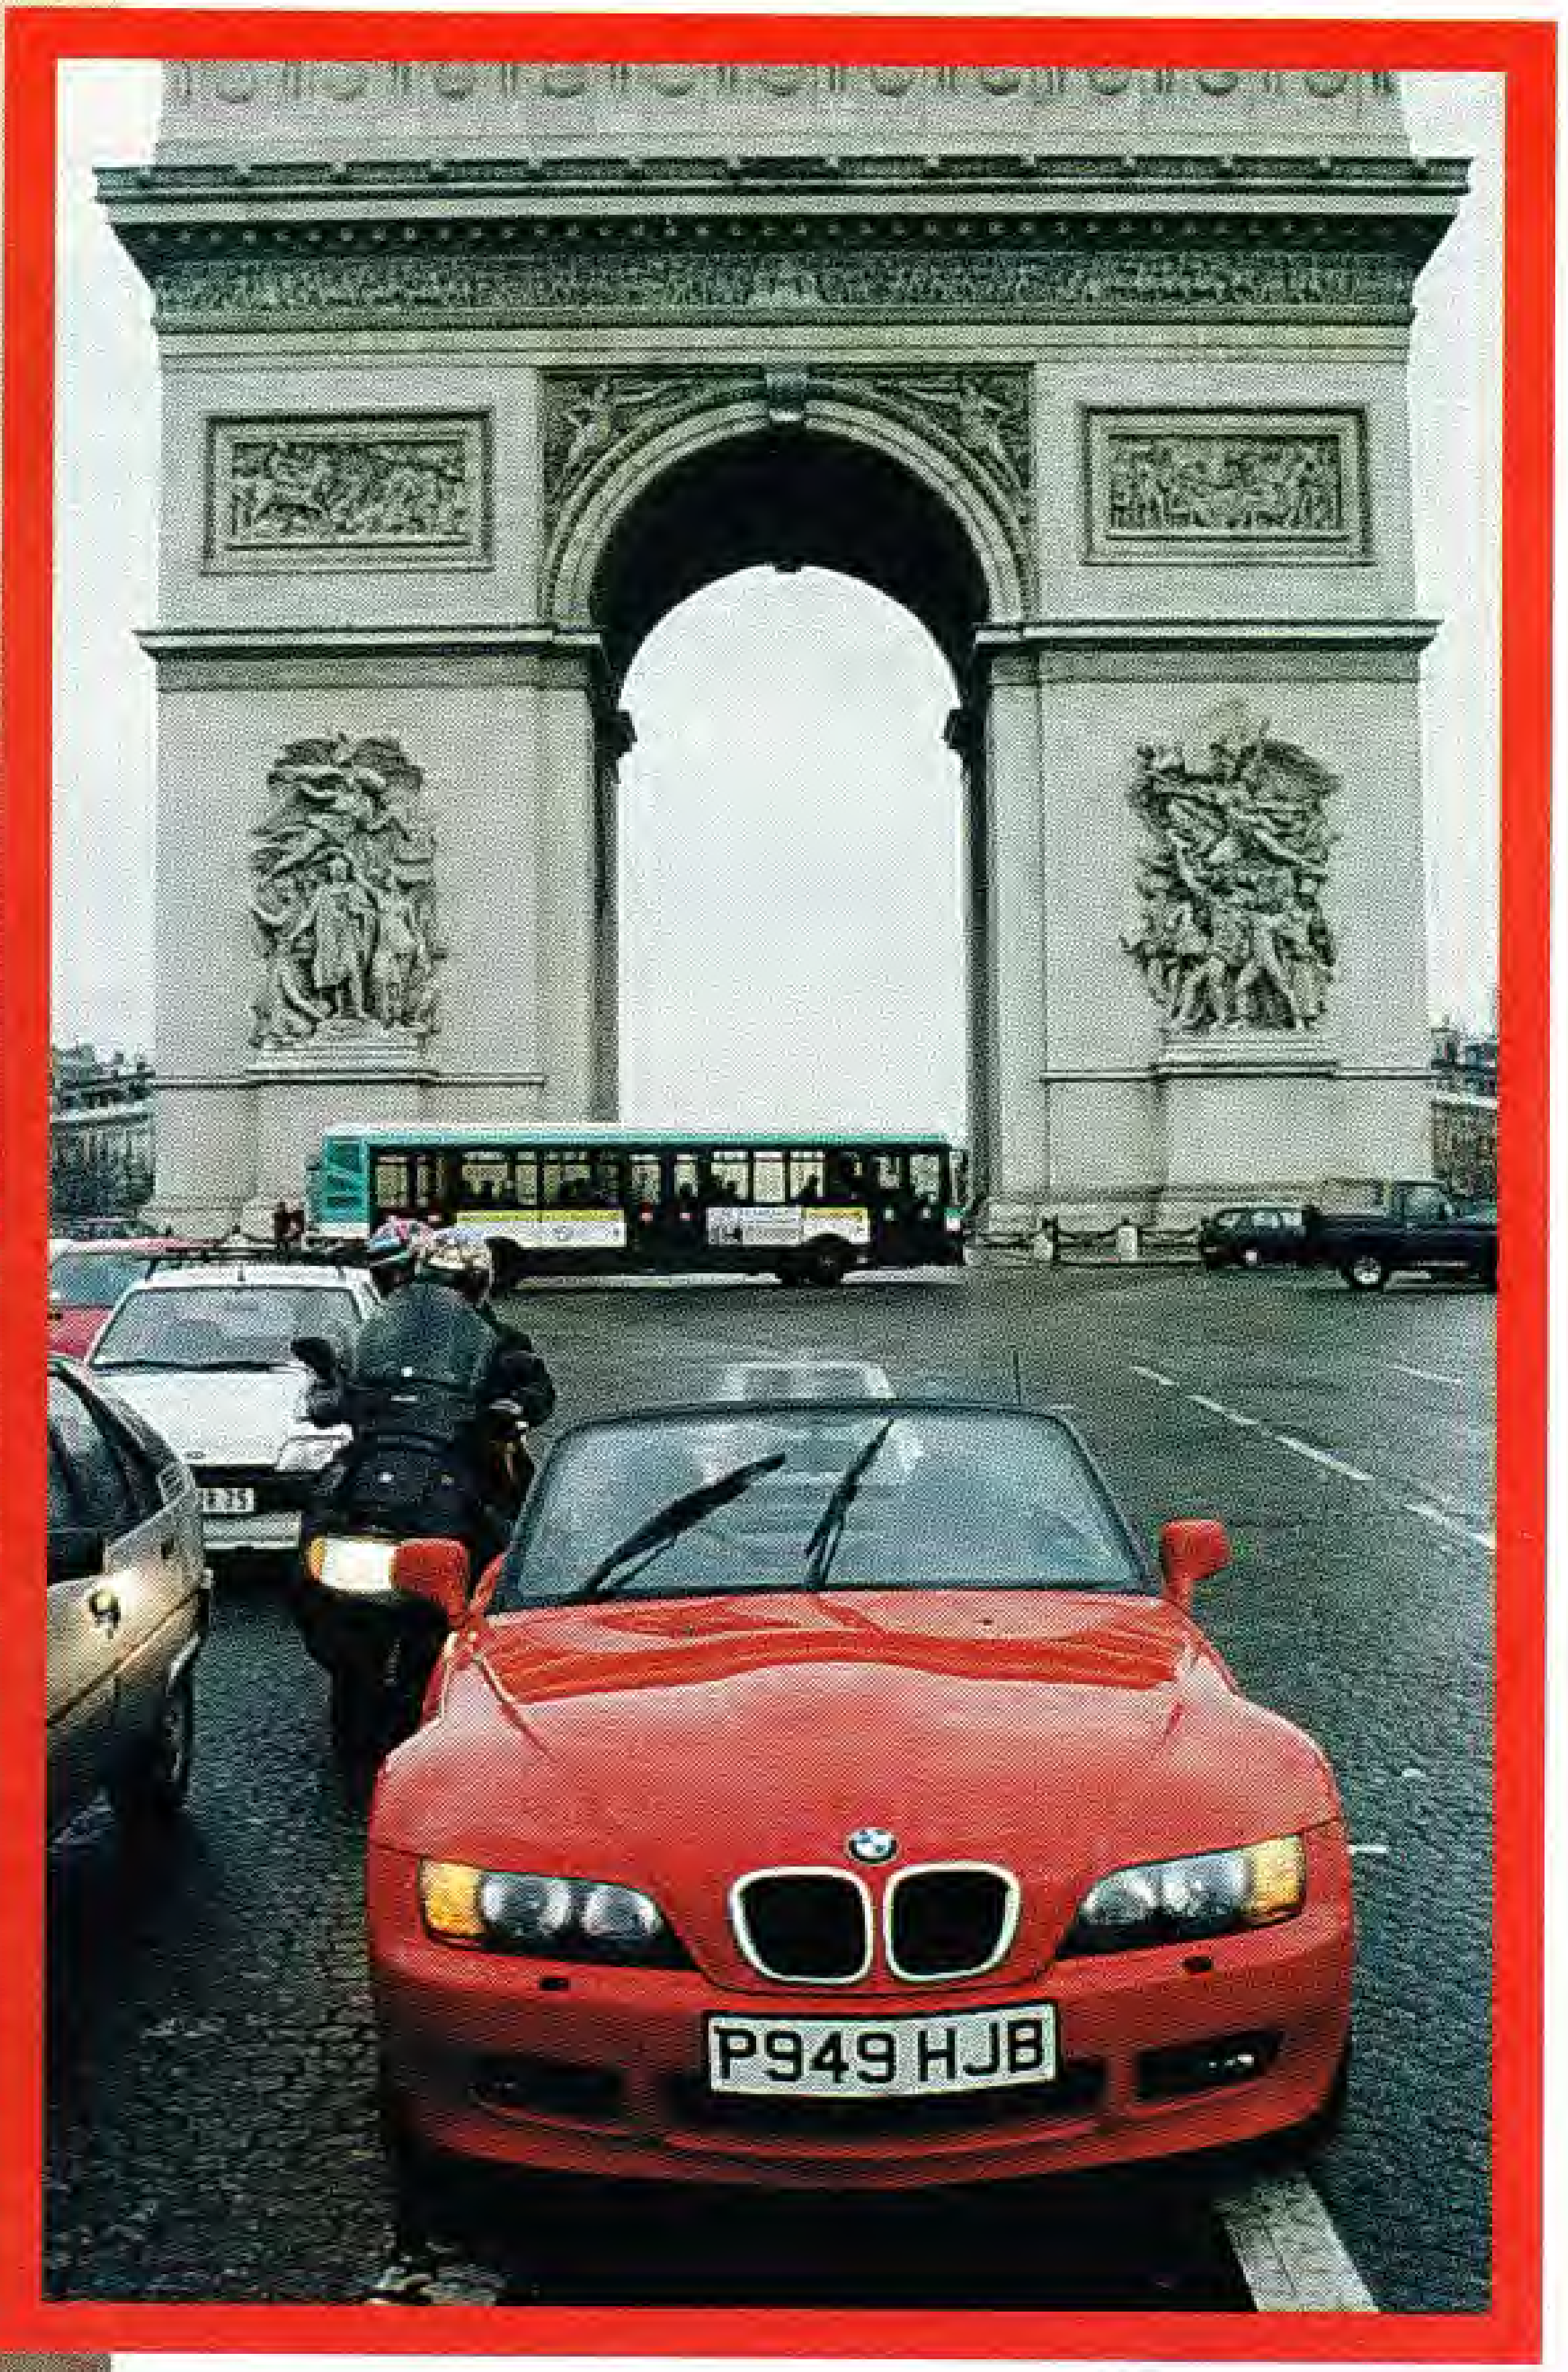
"You're going to think I'm funny," stated the adorable Caron, a sultry lady who suits the expression 'sex kitten' better than most, "but I just love to be tickled! It drives me wild!" Intrigued, we asked her to elaborate. "Well, if a man's got gentle fingertips and knows how to use them, and where, then I'm putty in his hands. Especially if he gets to discover my sensitive bits! But it's not only his fingertips that I like to be tickled with. He can also use a feather or, if he's really adventurous, his tongue too!" We were totally tongue-tied.

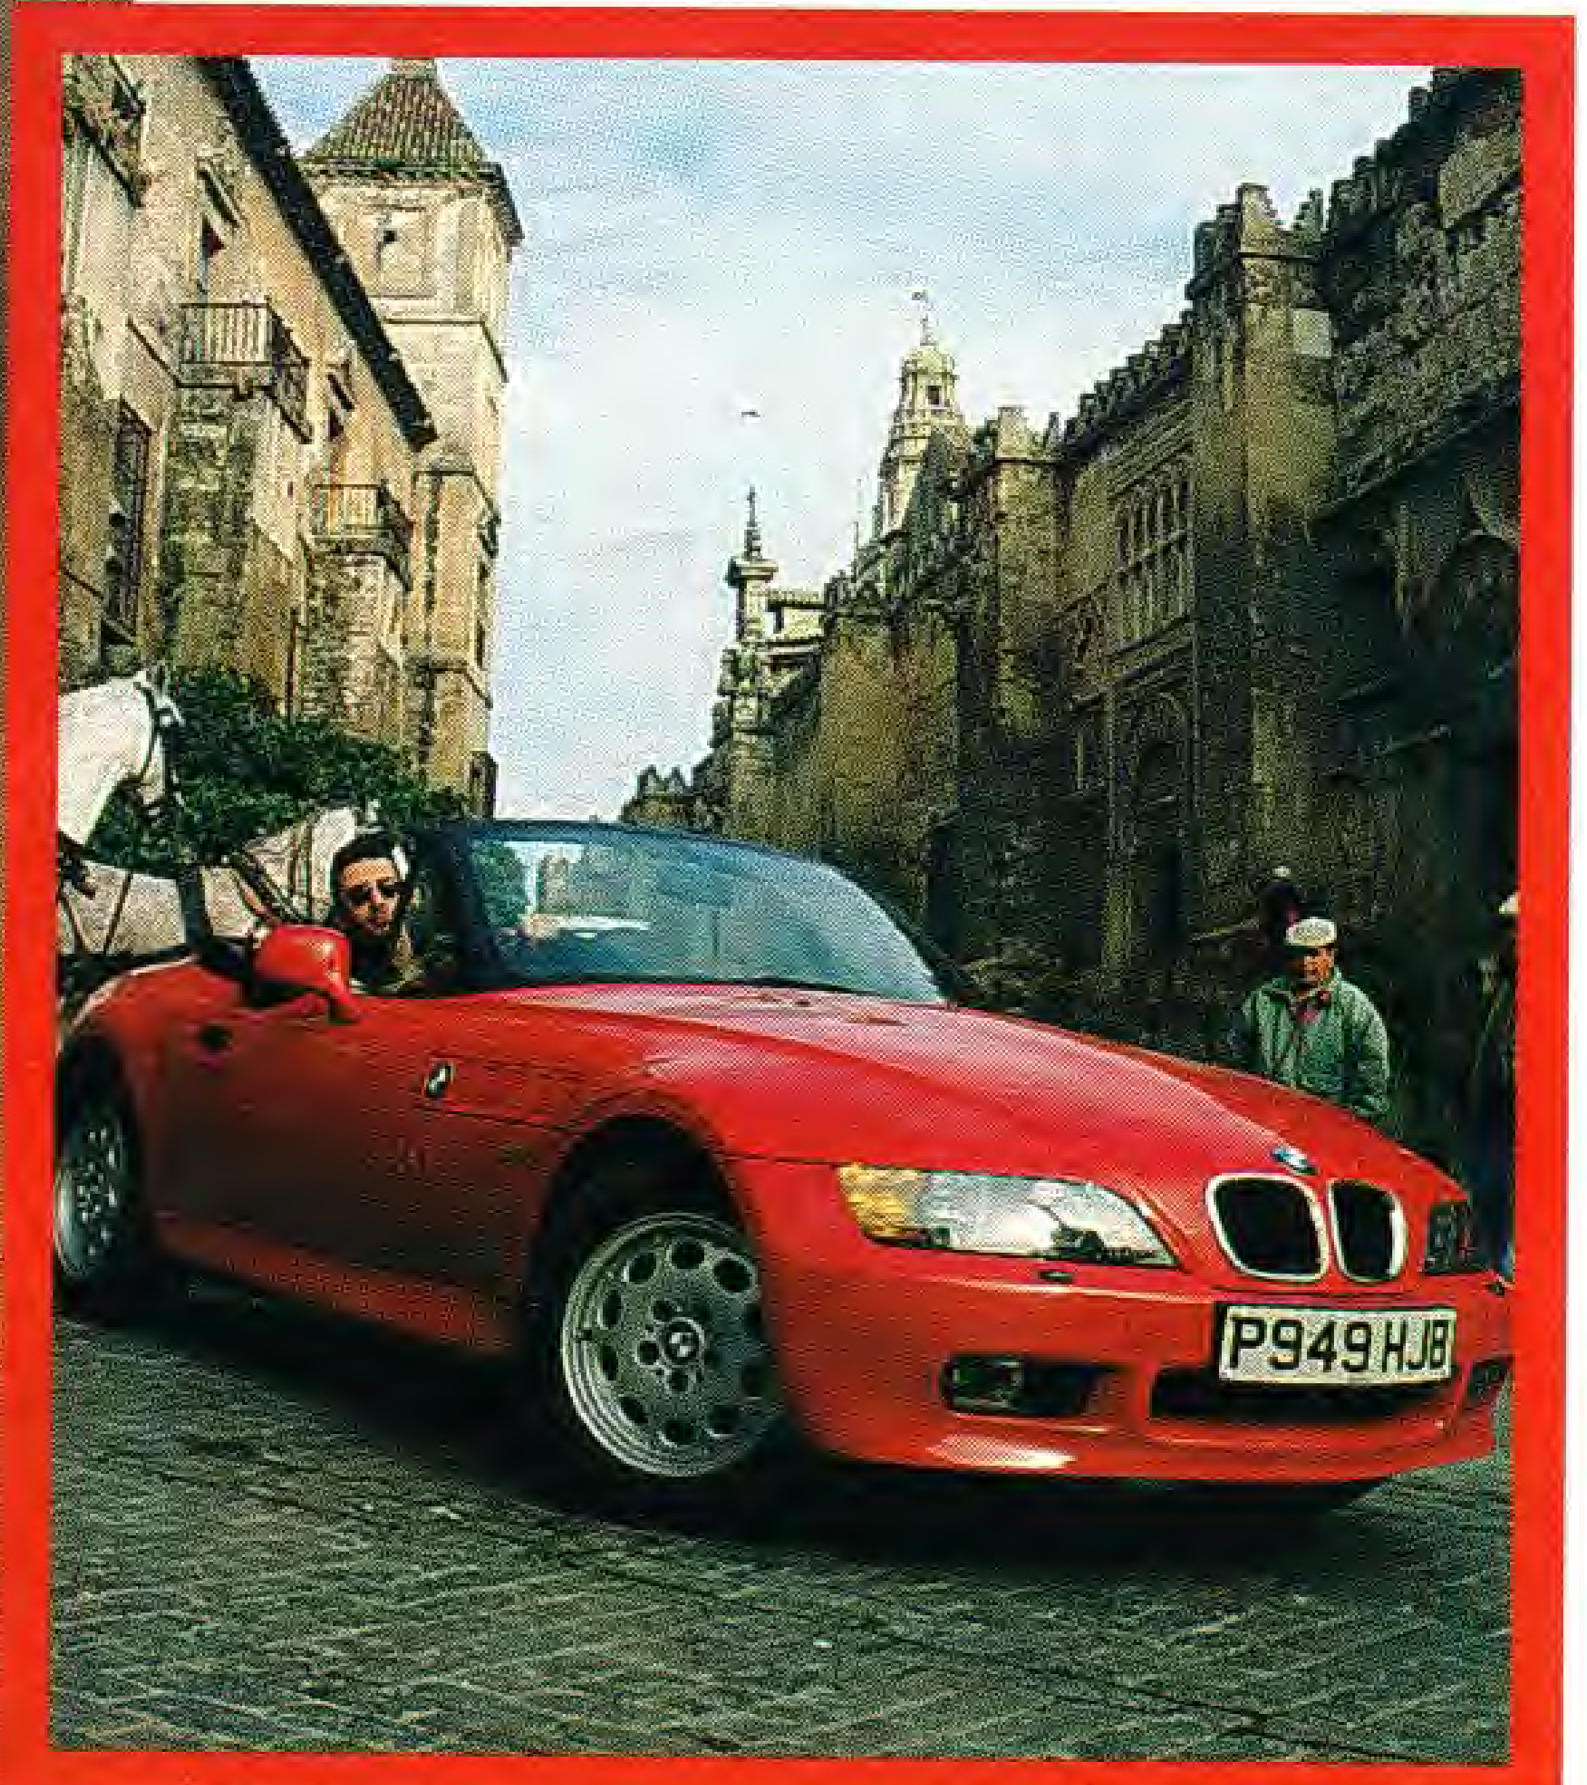
Z CARS

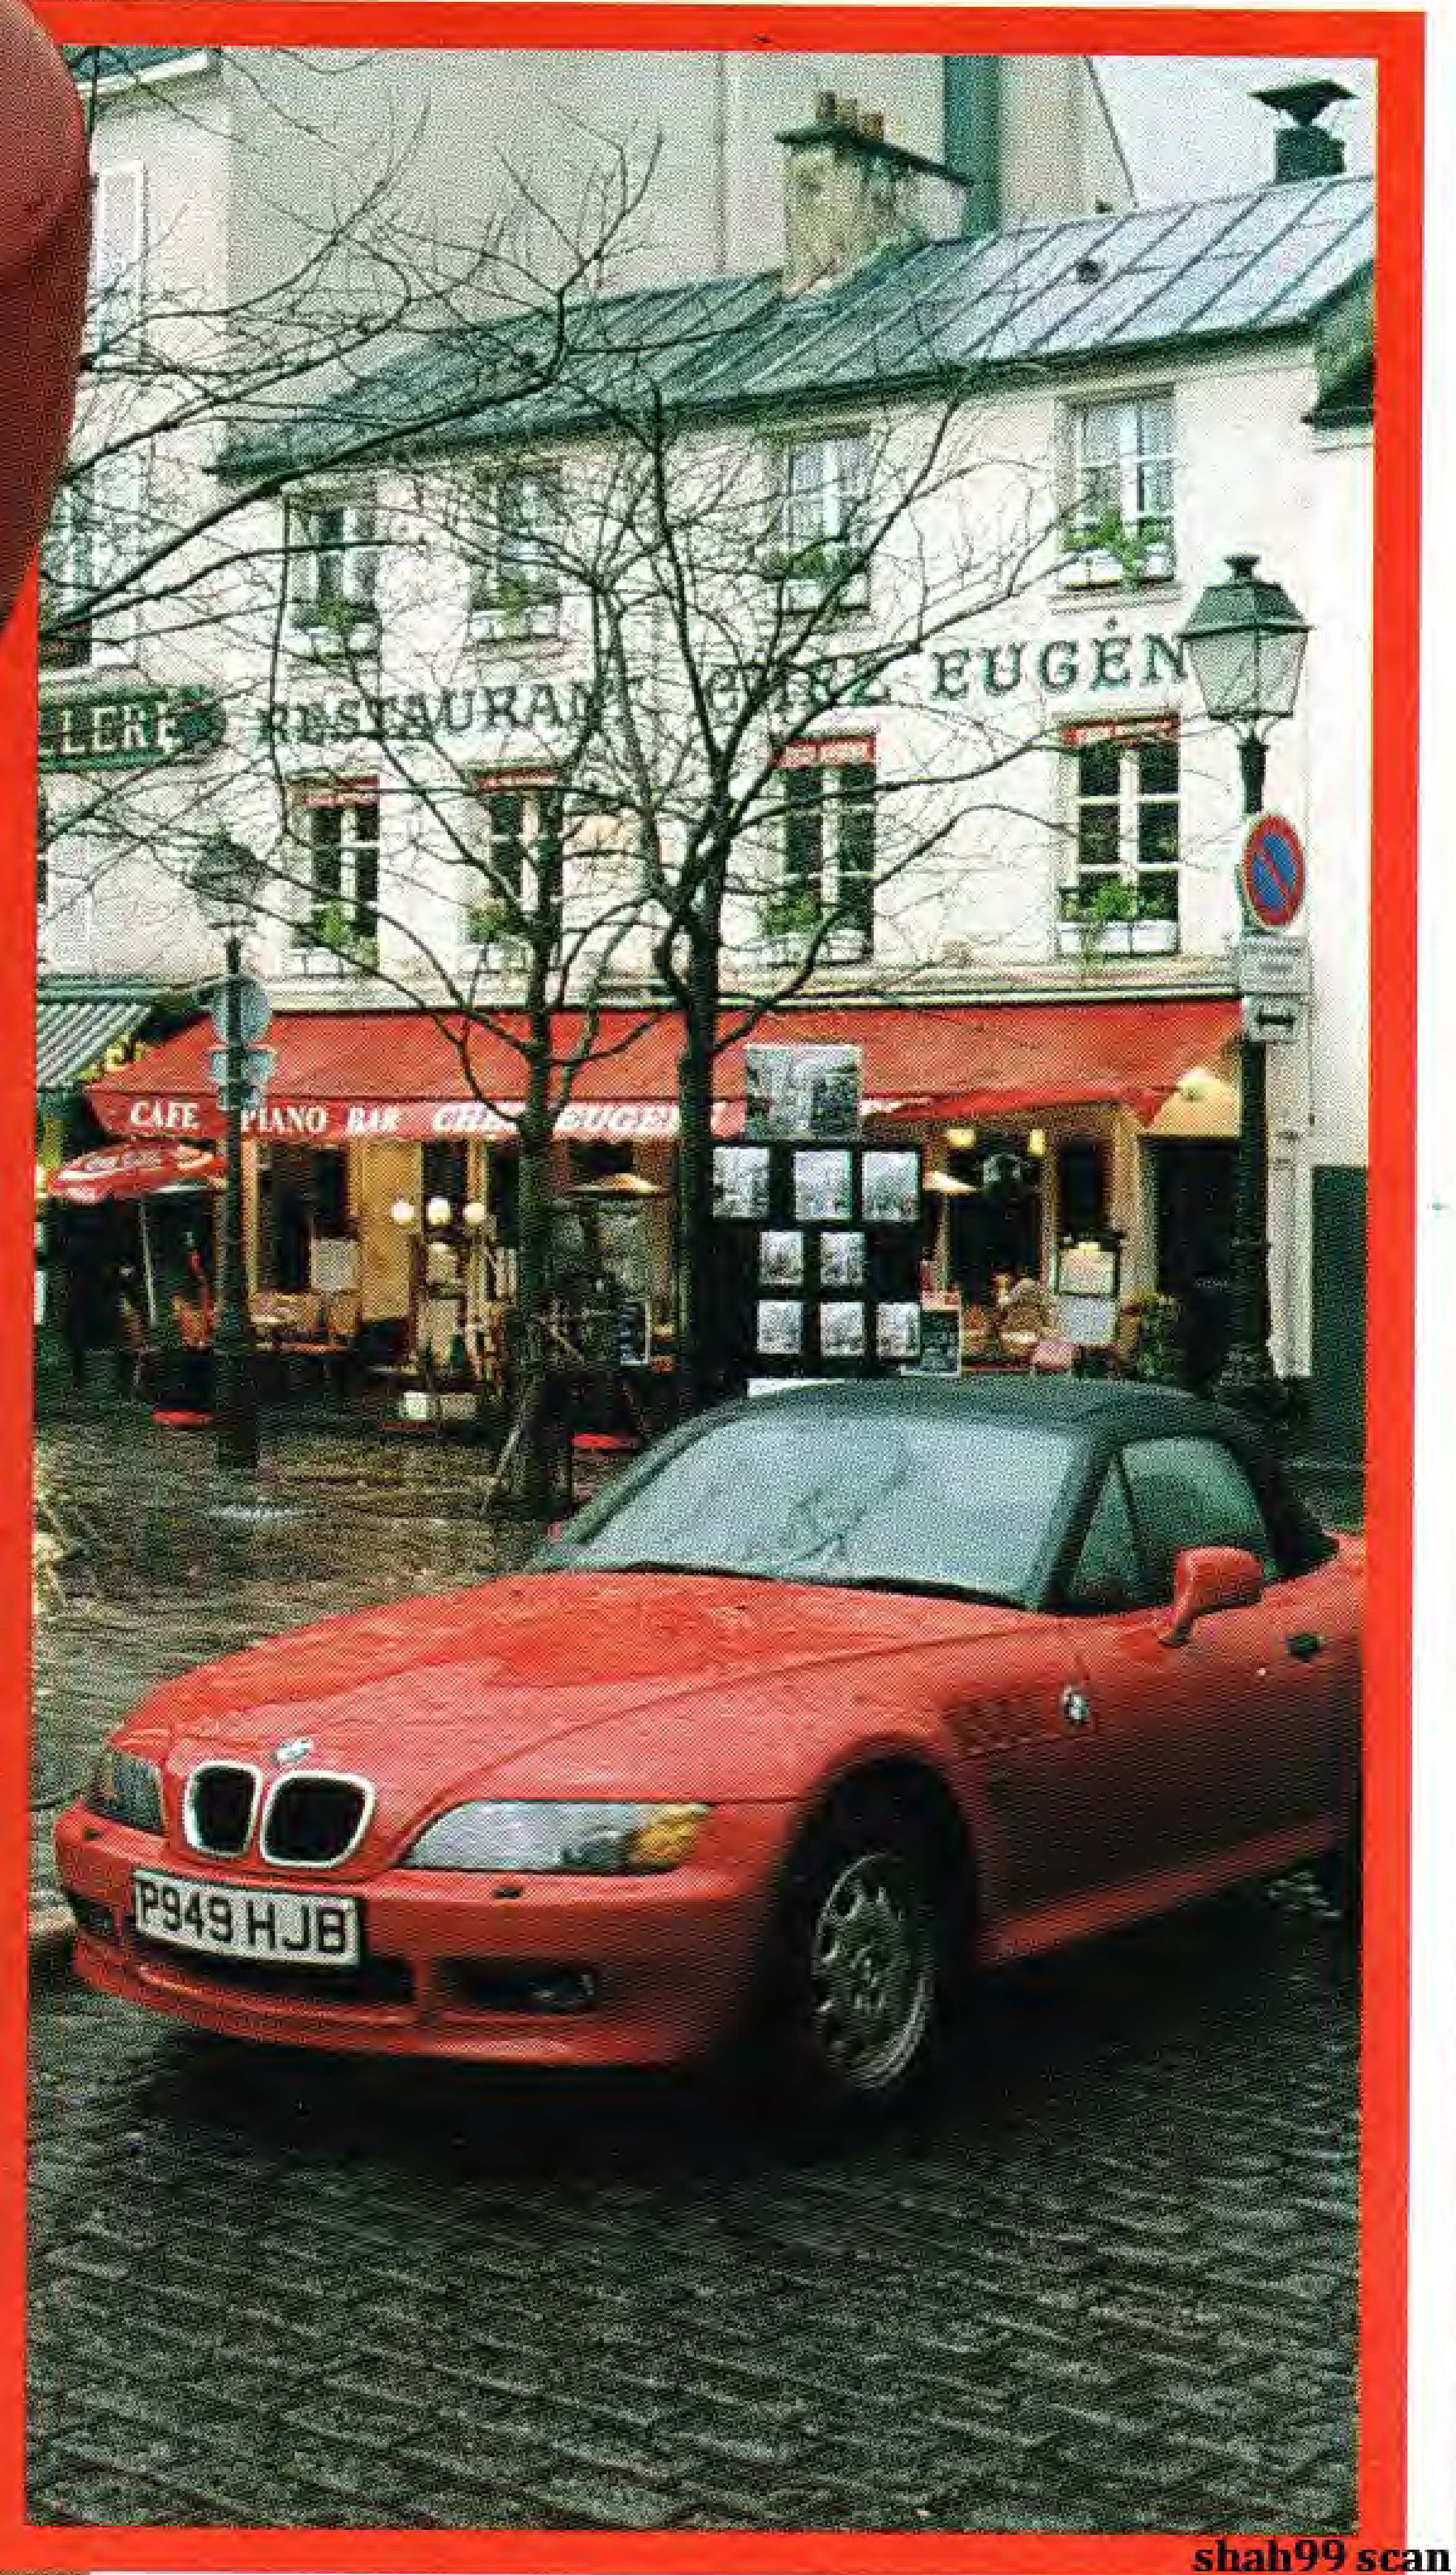


FIND SOME FRIENDS TO DRIVE THREE BRAND NEW BMW Z3s ACROSS EUROPE? YEAH... WHY NOT?

Feature by Bob Cooke (and some of his mates)







It was Z3 heaven as we drove across Europe in three of BMW's super new roadsters As Andre relaxed on the beach soaking up the sun of southern Portugal and basking in the reflected aura surrounding the red Z3 parked nearby, he had no idea of the stark terror that lay ahead deep into the night and high in the mountainous Spanish north.

'At 100 mph, in the wet, on that last long right-hander, the rear end felt a bit uneasy!'

For Andre the brief had seemed pleasant enough: drive a Z3 from Faro, in Southern Portugal, back to England. And Andre, being a fashion monster, could think of nothing better than being seen in a brand spanking new Z3, especially if it meant he could parade past the Prado or cruise the Champs Elysees watching the ranks of envious foreigners through his modish midnight shades.

That's easy to understand, because the Z3 is, without doubt, one of today's 'Cars To Be Seen In'. The styling is retro but far from dated, curvaceous but not soft, meaty but not musclebound. View it from any angle and it looks good. It's the simplicity of the shape that makes it so attractive. Like the D-Type Jaguar or the AC Cobra, the styling is just what you get if you spread a layer of streamlined metal over four wheels and an engine and wrap it smoothly around a two-seater cockpit.

The Z3 then gains some added distinction from those little enhancements, like the strake lines that sweep forwards along the bonnet from the corners of the screen to enclose the compact grilles, and the ventilation slots behind the front wheels that bear a not unintentional resemblance to a shark's gills.

The narrow headlamps also have a predatory look about them, but any air of menace they may invoke is balanced by the hint of a friendly smile from the slotted, fog-lamped airdam. That refined simplicity of style is a manifestation of the car's entire character... you could almost call it primitive if it wasn't so refined. With the roof flopped down, you're left with a lusty engine, four wheels, two seats and the wind ruffling your hair. What more could any true enthusiast ask for? Andre could have done with a little less of the hair-ruffling, because his raven locks are usually so neatly groomed and kempt. Fortunately the aerodynamics of the Z3 are so good that there's very little bluster until you get up to motorway cruising speed and, even then, Andre chose to live with the playful wind rather than succumb to the total ignominy of wearing a hat.

We picked the cars up in Faro at about four on Friday afternoon, so the first leg of our trans-european trek took us to Cordoba, in the heart of Andalusia around 200 miles away. An hour out of Faro and the sky darkened, an hour later we were whipping up clouds of spray as the Z3s howled through a shower that darkened the road ahead into an abyss of pitch and eventually forced us to stop and put the hoods up. Not that that caused us much delay, because the hood is so simple to operate it's almost laughable. Just flip two levers to unclip the roof, then fling it back into its little well behind the seats.

Lynnie was the first to express some concern about the car's handling. The rain had stopped and we'd paused at a roadside cafe for a quick coffee. 'I didn't feel too happy at one point,' she confided to Bob. 'Why not?'.

'Well, at 100mph in the wet on that last long right-hander the rear end felt a little uneasy.' That Lynnie's an animal. We just had to stop at Cordoba. What's the point of blasting across Spain and France if you don't do a bit of sightseeing, and taste a little of the local food and drink? Cordoba's good. Once a Roman settlement, it became a Moorish capital and stayed that way until

Charlton Heston, dead and tied to a horse, scared all the Arabs away. Then the Christians moved in, and turned the middle of Cordoba's mosque into a catholic cathedral. You gotta see it. The amazing contrast between the mosque, one of the biggest in the world, and the 16th century gothic church lying hidden inside it is quite mind-blowing.

Afterwards we took the national road through Puertollano and Ciudad Real, a road that winds and bends and dips and rises and allowed us to feel some real exhilaration with over a ton on the clock. At Toledo we drove across the old stone bridge and threaded through the narrow mediaeval streets winding tortuously between the tall, terracotta-coloured buildings in search of a bite of lunch - and the Sword of Don Quixote No less a personage than the Knight of the Doleful Countenance, the legendary Man of La Mancha, once strode the streets of Toledo, and sold his sword to a corner shopkeeper so that he could buy a cheese sandwich. That, at any rate, is what the shopkeeper told us as he tried to sell us the sword. We didn't buy it, partly because there appeared to be a hundred more just like it in a cupboard at the back of the shop, and partly because there was nowhere to put a sword in the Z3. With our two overnight bags and camera gear stuffed into the compact boot, we'd have been lucky to get a Swiss Army knife in there, let alone Quixote's five-foot high double-handed skull-cracker. Toledo's not far south of Madrid, so naturally we cruised on into the beautiful Spanish capital, awed by its picturesque fountains and bountiful statues.

We parked the three Z3s outside the Retiro park and strolled along its wierdo-wonderful paths where buskers rub shoulders with mime artists and charicaturists. Oddly enough, no-one stole any of the Z3s. We pressed on northwards towards San Sebastian as the night deepened and the road carving through the Sierra de Guadarrama twisted and twirled ever more sharply as it climbed up into the black sky. Time again to wonder at the impeccable road manners of the low, long-nosed roadster.

The Z3 is no spartan sportster. The cockpit is stylish and well appointed.

Though its powerful lights pierced the darkness ahead, there were many moments when the angle of the road and the sheer drop beside the sharp curves left the beam with nothing to illuminate, so some of the time we were left to guess where the road went. Lynnie, alone in the tail car, followed manfully as Bob, cackling with glee, hurled the lead Z3 through bend after bend, delighting in the rising howl from the Michelin Pilots singing out that they were as yet nowhere near their limits and the low moans from Andre in the passenger seat.

'You can't see where you're going,' he hissed in abject terror as the Z3 whizzed through a gap between a thundering oncoming forty-tonner and a rock face with inches to spare. 'Why don't you get some sleep,' Bob hissed back. 'You're spoiling my fun.'

The Z3 is no spartan sportster, the cockpit is stylish and well-appointed. We'd been settled snugly into the low-slung sports seats for 18 hours, yet none of the team felt in any way uncomfortable or strained. With the roof down, the high-performance

heater kept a swirl of warm air around the driver's feet and hands. Yet fatigue eventually took its toll, the team beaten by plain old tiredness at around 2.30 on Sunday morning.

Andre had taken over the wheel of the lead car and made stirling progress until his eyes started playing tricks on him. 'Pick a card,' they said. It was the three of clubs. At that point Andre realised it was time to find a bed for the rest of the night.

We behaved very badly in France after spurning the motorway south of Bordeaux and heading cross country in the general direction first of Limoges and then towards Orleans. Now we're not saying the Z3 isn't a motorway car, because it's perfectly comfortable, it cruises stably, the engine is smooth and refined, the gearing not unreasonable though 80mph in top does have the engine whizzing over at a busy 3,800rpm. It's just that it's such a fun car to drive that it's wasted unless there are bends to screech through and some reason to work your way up and down the slick-shifting gearbox.

French country roads are wide, generally smooth, and, as they wend their way across the fields over the gently rolling countryside, visibility is usually excellent. And there's little other traffic... all of which adds up to ideal sports car country. Being stark raving mad, broadsiding the Z3 through the trees was to Bob no more than another breezy outing. In the passenger seat Andre was feeling a little windy, but blind terror didn't strike until a little later. At 120mph, the dark trees lining the route blended into a solid wall of grey. The road was dead straight for miles, but yumpy and bumpy, so the Z3 bucked and bounced and rocked as the rev counter hovered over 5,800rpm.

'We're going to die,' Andre whimpered. 'We've still got 400rpm to go,' said Bob. 'Top speed of 127 comes up at 6,100rpm. Another half a mile and we'll be there.'

'But there's only half a mile of road left before that sharp bend!'.

'What sharp bend?'... Bob also needs glasses!

The Z3 is remarkably controllable at that speed. It just has to be one of the best-handling rear-drive cars we've ever driven. And the brakes! It was hard to believe the stopping power behind that middle pedal. Time and again we leaned on it to scrub off speed into tight bends, yet there was no fade, no smell of burning brake materials, just effective retardation on command. Pose power is at a premium in Paris, city of fun and fashion. We cruised from Condorde to the Arc de Triomphe, from the Eifel Tower to Trocadero, then swept up the narrow streets to the heights of Montmartre and the imposing Sacre Couer, pausing for a coffee at one of those characterful cafes surrounding the Place de Tertre with its pushy pavement artists.

Everywhere we went the Z3 proved the centre of attention - kids oohed, middle-aged women aahed, old men grinned as they spat their Gauloise stubs into the gutter and leaned in for a closer look. It's good to be in a Z3 in Paris. We could have stayed a week, but we had to get home, bouncing off the rev limiter in first, second and third as we booted across the flat fields of Picardy and the Somme on the way to Calais.

BMW has just started delivery of the first British-order Z3s, at a very reasonable £19,950 apiece. Maybe in a year's time you can buy one of the cars we brought back from Portugal at a knock-down good value used price.

We didn't thrash them... honest!

Katherine

"Until recently, I was a very shy girl," says the delectable Katherine, with a glint in her eye. "But all that changed when I went to Ibiza on holiday. I met some great French guys who really knew how to party. On most nights, you'd find me dancing in just my panties on the bar tops of clubs. At dawn, we'd go back to their apartment and I'd do a little show for them all, and then decide who to have that night. Believe me, I made sure the best man always won!"

Wendy

"My favourite sexual pastime?" declared the wonderful Wendy to our provoking question. "Wow, you guys certainly know how to embarrass a girl, don't you? Okay, if you must know, I love oral. But the guy's got to be attractive and, also, very clean. If he matches up to those two requirements, then I'll play ball till the cows come home. I'll spend ages licking and sucking a lovely dick. I've become quite expert in judging exactly when a guy's about to come, so I can pull him back from the brink just in time. I've been reading some Eastern erotica and have learnt quite a few tricks. Like exactly where to hold the balls, shaft and cock-head to prevent ejaculation. Maybe I'll write something for your mag on the subject." You write it, Wendy, and we'll print it.

Julia

[illegible] scan

"For me, there's nothing quite like a well-hung guy with a sense of humour," the fabulously sexy Julia openly declares. "You see, I'm just a sucker for a guy who can make me laugh!" Er, we think we know what you mean, Julia. Tell us more… "Well, to give you an example, I met a hunk at a bar recently. He made me laugh straight away and I knew he was in with a chance. All he had to do now was prove that he could use his body as well as his mind. He certainly did too! Back at his place, he appeared from the bathroom performing a wet towel balancing act. That was when I knew that he would be able to meet my two modest demands – lots of laughs, and lots of dicking!" Talk about poking fun!

Anna & Jane

"I have to travel quite a bit on business and I get very horny being away from my boyfriend for days on end. I wouldn't dream of being unfaithful to him with another guy, and he'd hate that too. But he's given me permission to go with other girls, so I've built up quite a range of bi and gay girl contacts. Some are secretaries at the offices I visit, some work at the hotels I stay in. I've found that most hotel room service maids are bi. They're great. They get all kinds of requests from male and female guests so they have to be prepared to do pretty well anything. I love checking in to a really good hotel, having a long luxurious bath, then dinner with a bottle of wine. And then ringing for one of the maids. I especially love it when Jane is on duty. She knows exactly what I need after a stressful day - a lovely long, slow massage with warm scented oils, then an even longer session sitting astride her face, riding her tongue until totally I'm drained."

FOR MEN

ABIGAIL

It may not be politically correct to smoke, but we get so many letters from our readers (particularly our older regulars) who find a girl with a graceful, slim cigarette between her lips an erotic treat, that we felt we could relax our normally socially responsible stance for once. We are, after all, responsible adults, aren't we?

FOR MEN

Bethany firmly believes that if you've got something special, then you've definitely got to flaunt it. "That goes for guys too," she adds. "I love it when a guy shows off any muscles he's got. What I don't like is when a guy has all his shirt buttons undone just to show off his hairy chest. Not that I've got anything against hairy chests, mind you. I actually love them. As for me, I love showing off my body to someone who really appreciates it. Let's face it, why be all prudish with your lover if you've really got something to show off to him… or her? I had this guy who had a fantastic bod, but he wouldn't let me see him with the lights on. I just told him that if I couldn't see him, then he couldn't see me. Then I asked him to leave." And we bet he's been crying in the dark ever since!

New condoms that feel like skin

rubber jollies

New in the safe sex market comes Durex Avanti. A revolutionary new condom made from Duron, described as stronger than latex, but thinner, odour free and more sensitive. Set to launch in the UK this autumn, Durex describe their new safe sex marvel, 'as the first condom to get close to the natural feeling of sex.' It could be the beginning of a whole new way of life.

MOTOR MOUTH

BBC motoring correspondent Jeremy Clarkson is famous for his 'in-your-face' opinions, he once described BMW's as 'Nazi staff cars,' branded the Ford Granada 'the ugliest car ever made' and said that the Ford Escort couldn't 'pull a greased stick out of a pig's arse.' Now you can read his uncompromising views on the finest four-wheelers from the last four decades in his new book **Clarkson's Hot 100 (£16.99, Virgin books HB).** Read it and go on an adrenaline-fuelled ride through Clarkson's all-time-top cars, while he waxes lyrical about such classic cars as the; Aston Martin DB5, the Lotus Elan and the Alfa Romeo Sud 1.5ti. Not that all Clarkson's tastes centre solely on all that is sporty, the book also has some controversial things to say about, 'the top ten fluff magnets' and 'the ten cars that should never have been built.' This is a book that everyone with a taste for cool cars and hard hitting reviews will love.

MARS ATTACKS!

SCI-FI SPOOF

No sex but loads of little green martians running around in bubble helmets, threatening to exterminate all earthlings, just because they feel like it. What more could you ask for? You want more?

Well, there's Tom Jones busy singing while saving the world, Pierce Brosnan playing the typical naive scientist (has he ever had sex – well not according to this film), Jack Nicholson being un-characteristically nice, so much so that he actually gets the jitters deciding which tie to wear to meet the aliens. As you might have guessed Dear old Jack, who plays the US president, along with Glen Close, his shrew like wife, and Michael J Fox, shark-like reporter (who I'm so pleased to report gets his head squashed) all believe the aliens come in peace.

Mars Attacks! is another mega-hit from director Tim Burton *(Batman, The Night Before Midnight)* that will have you laughing into your beer. It's on release from 28 August, don't miss it!

Nicole

"I like to describe myself as a sensualist,' declares the delightful Nicole, a dark-haired beauty who's a delight to anyone's senses. "By that I mean I really get off on touch. You know, fingertips, tongues and soft, gentle strokes on my nipples. The trick is to know a guy's most sensitive points and work on them… slowly but surely. For me, there's nothing worse than a guy charging in on you, determined to impress the tits off you with his heavy-handed machismo. You know, hands and dick all over you before you realise what's going on. That just deadens me, and turns me totally cold. To give you an idea, I met a bloke through some friends recently. He was lovely to look at, and even lovelier in bed. He took ages just appreciating my body with his fingers and his tongue. Like licking my nipples for a long time while his fingers gently stroked my thighs and my clitoris. By the time he finally slipped his cock up me, I was wild with passion. That's what I mean when I say I'm a sensualist." Fair enough.

VALUE PACK ONE — TEENAGERS/SEX NYMPHETS (Legal Age)

Nubile teenies with perfect bodies just beginning to discover their sexuality. Lots of 'O' and rear, plenty of hand-relief and solo masturbation. The girls are taught the tricks by their older boyfriends. Plenty of kink acts take place, too. Some girls in uniforms strip slowly for action and there's certainly plenty of it. Some of the girls are very shy, other - real sexual extrovert's! The mags are imported from Sweden and contain some really lewd, kinky acts. Free pair of panties, worn by one of the girls for everyone who orders this superb value pack.

VALUE PACK TWO — BIZARRE/BARNYARD

Heavy Duty Videos. There's nothing light-hearted about these. Two of the videos are dedicated to barnyard activities (as much as we'd like to, we cannot give descriptive details in this magazine). The other video is gynaelogical, intimate explorations. The mags are dedicated to the popular barnyard sessions and have been hand-picked. They contain the most outrageous carryings-on ever put into magazine format.

VALUE PACK THREE — DOMINATION

Ouch! Why do young ladies misbehave? Do they enjoy to be corrected? This is a tremendous pack, geared up solely for the C.P. enthusiast. We know it's hard for you to obtain this type of material and we sought long and hard to get the best videos. Imported from France, but with English dialogue, they are a real treat. All three videos contain sex as well as discipline. Girls in all your favourite uniforms. Also contains a little bit of girl/girl C.P. The Mags are Russian imports and contain lots of nubile, innocent-looking beauties.

VALUE PACK FOUR — BONDAGE

What weird and wonderful apparatus and oh, how they make use of it! These videos have been made by amateurs and the men are very strict with agreeing females, if you take my point. This really is the strongest sex of all, but we're sure you'll enjoy it. The videos are, to say the least, very, very shocking. The mags have proved extremely popular amongst our regular customers. Mags also contain some fem/dom.

VALUE PACK FIVE — BATHROOM SPECIAL BIZARRE

If you've see the Grenzberiech or Spergebeit series, you'll think you know the score. You've seen nothing until you watch these. Bizarre like never before! Ten me on a girl all at once, it's electrifying. The mags have never been released before and are something very special. The whole pack contains the wildest action ever.

VALUE PACK SIX — OLD & FAT

Older women (45 to 62), with huge breasts, large thighs and big, plump bottoms. Lots of lovely sex acts, including solo relief, breast relief and, of course, good old fashioned intercourse! Big lady striptease sessions are also there to and to your thrill. the mags are all imported and feature mature, plumpish women enjoying their twilight years with their toy boys.

VALUE PACK SEVEN — ENGLISH AMATEUR SEX

Amateur housewives. Normal girls-next-door up to no good while the husbands at work. These birds bag-off at the first opportunity. Their legs spread wide, and all they desire is a good seeing to, and a few quick thrills. Lots of outdoor sex and plenty of group sessions. Three girls on one guy, six guys on one girl, etc., etc. The mags are great, too! Lots of wide-open legs, frantic oral and climaxes.

VALUE PACK EIGHT — SEXUAL MISFITS

Sexual misfits and mistakes of nature. These are quality remakes of the original show videos from the late 1970's. We will not describe the contents here as we do not want to disgust readers of a less-broadmided nature. Yes, unless you can admit to yourself that you're a real addict, you should not order this pack. This is a genuine warning, please take note! The mags are pretty bizarre and heavy duty, too!

VALUE PACK NINE — BLACK, ORIENTAL & ASIAN

Loads of hardcore featuring ethnic ladies with ethnic/white males. Features Japanese, Chinese, Bengali, Indian, Africa and Phillipine. Loads of 'O' and loud, noisy sex! Women making use of sexy toys - large and small. Also includes Bengali lesbianism. The mags are very, very explicit and provide the ultimate in inter-racial sex.

VALUE PACK TEN — SWEDISH EROTICA

It's a common fact that the Swedish ladies are amongst the sexiest in the world and that the sexual appetite of these blonde maidens is almost insatiable. We have more willing Scandinavian girls performing sexual athletics on video than you would ever hope for in your wildest, kinkiest dreams. Toys & bathroom capers are just a few of the games to set your temperature soaring. The set is made complete with 4 mindblowing Scan mags featuring close-ups and open wide shots.

VALUE PACK ELEVEN — SHAVING

Female and Male shaving. Features women from 18 to 63 being shaved & then bonked. Men from 24 to 44 shaved then straight into action. 'O' and Rear group and solo routines. Fun in the shower and in the bath. Lots of unusual/unmentionables to follow. Good mags containing plenty of close-ups of shaving and straight sex. Well worth the money. Video 2 is fantastic.

VALUE PACK TWELVE — PRISON SEX/LESBIAN

Some of the rarer, much sought after videos make up this tremendous value pack. Girls locked up in a prison known as 'The Dungeons', they must comply with the warder's wishes, and you can imagine what they are. Yes it's a cocktail of bizarre and often unmentionable acts. these videos could offend - so you have been warned. There's also lots of lesbianism between the prisoners. The mags are real collectors' items and feature women in unreal positions on specially-made apparatus.

VALUE PACK THIRTEEN — BAYWATCH LOOKALIKES

A gorgeous Pammy lookalike and her horny sex-starved mates get down to it on the beach in this set of hot original sexual videos. The women all have perfect bodies and happily perform striptease for your delight. as the sun goes down - so do the girls. oral delights a plenty and lots of wild sex. The third video is of eight guys giving the Pammy lookalike a thorough seeing-to. Lot of climaxes and frantic sex. The mags contain the most beautiful girls ever in some of the kinkiest scenes imaginable.

VALUE PACK FOURTEEN — SPICE GIRLS LOOKALIKES and TEEN SEX MAGS (Legal age)

The girls in these videos look so much like the stunning Spice Girls, you'd swear they were the real thing. They take it all ways with plenty of oral and rear entry. If you lust after these delicious' pop tarts' the you're in for an absolute treat. Guess where they slide those microphones? Plenty of lesbian action and solo masturbation. Lots of sex with muscular guys. Four hot teen sex mags round off this superb value pack nicely.

VALUE PACK FIFTEEN — BIG TIT SEX

The best big-titted, monster mammary videos you'll ever find. Women having sex in groups with all kinds of combinations and positions. These gorgeous orbs are squeezed and fondled and some great doggy-fashion is there for the taking. The women are all gorgeous and just gagging for it. The mags are great with lots of soap-covered tits and top sex action.

VALUE PACK SIXTEEN — HOMOSEXUAL

This pack contains just about everything you could desire. Lots and lots of 'O', bedroom antics, CP, and very bizarre S/M. We know you'll just go wild for the close-up oral and group stuff. Guys from 19 to 50 are the stars in this gay pack extravaganza. The mags are all top notch too. This is a value pack with plenty of everything for everyone. The value is incredible and the quality will leave you breathless.

VALUE PACK SEVENTEEN — TRANSVESTITE

Lots and lots of guys dressed up in nylons, knickers, heels and more. They then receive 'O' from their understanding wives and girlfriends. Contains plenty of CP and bathroom antics as well - just for your sheer pleasure. The mags are also very rare and hard to come by. Lots of beautiful TV's with great big love rods.
